

THE LONDON BRIDGE FERTILITY,
GYNAECOLOGY AND GENETICS CENTRE

SONOGRAPHER

AN OPPORTUNITY IN IVF

The London Bridge Fertility, Gynaecology and Genetics Centre (Bridge for short) is one of the UK's leading fertility centres.

Based in London Bridge, very close to mainline and underground stations, we serve a mixture of private and NHS patients.

We need a Sonographer who is willing to get closely involved in patient care.

An attractive package is available based on NHS Band 8 range A-B, as appropriate. We encourage further professional development in a stimulating working environment.

Join a committed, hard-working and highly professional team - this is an outstanding career opportunity for a Sonographer with Gynaecology/Fertility experience and a recognised certificate.

**Send your CV to Pauline Wright, Head of Nursing
or call 020 7403 3363**
